

POWERHOUSE GUARDIANS

Turn Security Threats into Productivity Gains

CAPABILITIES STATEMENT

COMPANY OVERVIEW

Powerhouse Guardians Corp. is a Texas-licensed, fully insured security contractor specializing in commercial and construction site protection across the Dallas-Fort Worth Metroplex. We empower builders, developers, and commercial operators to maximize productivity and minimize costly disruptions by combining highly trained security officers with AI-driven monitoring technology.

Our leadership draws from 25+ years of combined experience in technology and physical security. We are an authorized installer and integration partner for the industry's leading AI surveillance and access control platforms.

"Security is a productivity asset, not a cost center."

CORE COMPETENCIES

01 — AI Video Surveillance

Comprehensive AI-driven camera systems with cloud VMS, real-time analytics, and 24/7 monitoring.

- AI Intrusion Detection & Environmental Monitoring
- Video Verification & 24/7 Cloud Monitoring
- People Counting, Heat Mapping & LPR
- Real-Time Push, SMS & Email Alerts

02 — Electronic Access Control (EAC)

Versatile credential options and flexible management platforms providing granular access control and audit trails.

- Keypad, Key Card/Fob & Biometric Readers
- Mobile Credential & App-Based Access
- Multi-Tenant & Multi-Site Administration
- Brivo, Kisi & Openpath Integration

03 — Mobile Security Trailers

Rapidly deployable, solar-powered AI surveillance trailers for construction sites and locations without infrastructure.

- Solar + Lithium Battery Power (14-Day Autonomy)
- 5G LTE & Starlink Connectivity
- 30ft Telescoping Mast, AI Strobe Deterrence
- Rapid Deployment (<30 Minutes On-Site)

04 — Low-Voltage Cabling & Installation

Full-scope structured cabling and network backbone installation for new construction and retrofit projects.

- Cat6A Data Cabling & Fiber Backbone
- Conduit Runs & Pathway Installation
- Structured Cabling Certification & Testing

05 — Guard Services

Highly trained armed and unarmed security officers deployed for static posts, mobile patrols, and rapid response.

- Armed & Unarmed Officers (TX Licensed)
- Static Posts & Mobile Patrols
- Event Security & Crowd Management
- AI-Dispatch Integration for Faster Response

COMPANY DATA
